## **SPECIALS AND NOTES**

What is the difference between the GoldSheet newsletter KEY RELEASES and the plays they sell at WagerTalk.com?

The WagerTalk Premium Plays are what were referred to as "LTS" plays on the previous Gold Sheet site.

The Key releases are an early look at games we like as of Monday. During the week we continue to handicap and look at match-ups, injuries, weather, line moves and all the late news and the top plays become WagerTalk selections.

WagerTalk plays may include one or several Key Release if it is still a top plays later in the week. A WT play will never go against a Key Release.
